# The Big Book maker Series

Designed to motivate children to write by using pictures, these easy-to-use programs create Big Books in minutes. The key to the Big Book series is that students can combine art and text on one colorful background. They can print out their pages in four sizes: miniature, book, big book and big big book. The programs are so flexible that teachers can create newsletters, worksheets, bulletin board displays and more. All of the Big Book Maker programs can share clip art and backgrounds, offering an endless library of pictures to write about. The clip art, but not the backgrounds, from the Creative Writing Series may be used with the Big Book titiles:

## Favorite Fairy Tales & Nursery Rhymes™*

*This program includes some more clip art from The Three Princesses:

Cinderella, Snow White, and Sleeping Beauty

## Letters, Numbers & Shapes™

## Feeling Good About Yourself™

## Tall Tales & American Folk Heroes™

## Cute & Cuddly™

## Quentin The Rabbit™

**All programs are available for FREE 30 day preview! Network Versions, Site Licences and Lab Packs are also available.**

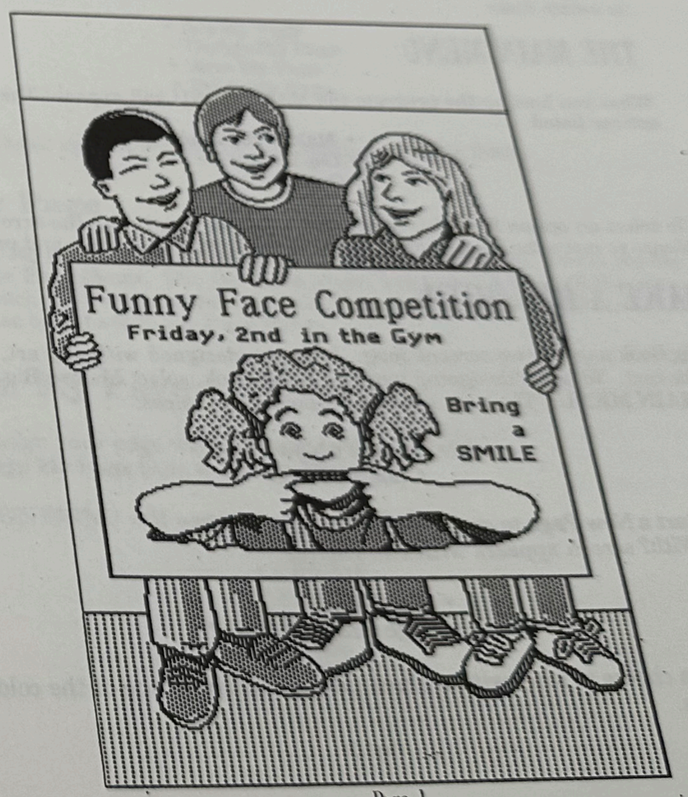
## BIG BOOK MAKER:
## Feeling Good About Yourself™

***Big Book Maker: Feeling Good About Yourself™*** is an easy-to-use publishing program that lets you combine graphics and text to create Big Books, storybooks, activity sheets, bulletin board displays, and so much more!
The program comes with a variety of graphics and typestyles. You can design your pages with clip art, text and frames. You can print out your pages in four unique sizes- mini-book, book, BIG BOOK, and BIG BIG BOOK!

This documentation is broken down into two sections: The Reference Guide and The Creative Guide.



## Puppets

*Make stick or lunch bag puppets easily.*

- *Simply print out pictures of different children in Big, Big Book format. Mount them onto oaktag and cut them out.*
- *Have the students color them and paste them to popsicle sticks or paper bags.*
- *Use the puppets as a tool to illustrate or act out a situation in a puppet theater.*
- *For added theatrics, print out backgrounds in the Big, Big Book size and use them as backdrops in a box diorama or for a puppet theater.*

## Guessing Game

*As a culminating activity to an esteem-building class or session, print out pictures depicting each lesson. The students take turns, guessing from the picture, which lesson is being shown. The student who guesses correctly gets to keep the picture.*

## Characterization

*In a group, talk about the main people involved in an event or happening. What qualities do they have? Pick a specific person (The President, a Sport's star, an historical figure, ect.) and have the students write about him or her. Does this person demonstrate a sense of self-esteem? Is this person a role model? Why or why not?*

## Feelings

*Have students discuss their feelings about a particular situation or event that occurred in a story. Ask them to put themselves in place of the main character involved. How would they feel in the same situation? How would they react? Discuss the difference between knowing the right thing to do and actually doing it.*

# Why friends are important

*Have students discuss the different friendships they have. (Pets can be friends, too!) What does being a friend mean? How do they demonstrate their friendships to one another? Can relatives be friends?*

Do any students have elderly friends? How are friendships with them different or the same as those they have with people their own age? Do they ever feel as though they have no friends? When? In what ways do friends make us feel special and loved? Have students design a screen that depicts the friendship.

## Visual literacy-Wordless Big Book

- Create a Big Book with no words.
- After it is printed, mount it onto oaktag, bind it and display in the front of the class. Have the students look at the pictures and begin to tell the story.
- Another way to use the wordless Big Book is to have each student write a short story to go with the pictures.
- Reading the picture interpretations aloud will be a fun activity for the next lesson.

## Picture Window

- **Activity 1**
  - Print out the Window background in the Mini-Book size.
  - Make copies so that there is one for each student.
  - Have each student draws his/her picture in the window.
  - The pictures are assembled and made into a classroom book of self-portraits.
- **Activity 2**
  - Repeat the first two steps of Activity 1.
  - Have each student draw a picture of themselves and write one important fact about themselves.
  - Pages are assembled into a classroom book or "rogues gallery" on the bulletin board.
